Inspection conducted after complaint of the establishment preparing food when they are only permitted for pre-packaged retail sales. Establishment is currently cutting cheese and packaging it in store to sell to customers. Permit does not currently allow for food preparation. Please be sure you are using a detergent sanitizer since you only have a 2 bay sink currently unless you are cleaning equipment in place.

Owner requested plan review application in case they want to start making sandwiches. Inspection conducted from 11:10am-11:40am.
