PIC (Temp) - Expires Certificate #: B. Good LLC 1265 Worcester St. Natick, MA 01760

Inspection Number CDA0

Date 1/3/23

Time In/Out 2:05 PM 3:07 PM

Inspector J.Cliff

Inspection Report (Continued)

Repeat Violations Highlighted in Yellow

Preventing Contamination by Hands

Adequate handwashing sinks properly supplied and accessible

10 5-202.12 (A)(B) Handwashing Sink, Installation - Establishment -

Pf Backhand sink-temperature only reaches 80 degrees Code: A handwashing lavatory shall be equipped to provide water at a temperature of at least 100°F through a mixing valve or combination faucet. A steam mixing valve may not be used at a handwashing sink.

Prevention of Food Contamination

Insect, rodents & animals not present

38 6-501.111 (A)(B)(D) Controlling Pests - Establishment -

C Observed gnawing through coving under drying rack Food debris also observed. Code: The premises shall be maintained free of insects, rodents, and other pests. The presence of insects, rodents, and other pests shall be controlled to eliminate their presence on the premises by: routinely inspecting incoming shipments of food and supplies; routinely inspecting the premises for evidence of pests; and eliminating harborage conditions.

Physical Facilities

Plumbing installed; proper backflow devices

51 5-205.15 (B) System Maintained/Repair - Establishment -

C Front hand sinkdoes not drain Code: A plumbing systemshall be maintained in good repair.

51 5-205.15 (B) System Maintained/Repair - Establishment -

C 3-bay sink-middle stopper does not work. Leaks when in use. Code: A plumbing system shall be maintained in good repair.

Repeat Violations Highlighted in Yellow

55 6-201.16 Wall Coverings/Coatings - Establishment -

Ware washing area - coving off walls Code: Wall and ceiling covering materials shall be attached so that they are easily cleanable. Except in areas used only for dry storage, concrete, porous blocks, or bricks used for indoor wall construction shall be finished and sealed to provide a smooth, nonabsorbent, easily deanable surface.

55 6-501.12 Cleaning. Frequency/Restrictions - Establishment -

C Prep sinkdrain observed to be caked with food debris. Code: The physical facilities shall be deaned as often as necessary to keep themclean. Except for cleaning that is necessary due to a spill or other accident, cleaning shall be done during periods when the least amount of food is exposed such as after closing.

55 6-201.11 Floors, walls and ceilings - Establishment -

Backflooring needs to be resealed. No longer fully smooth. Code: Except as specified under section 6-201.14 and except for antislip floor coverings or applications that may be used for safety reasons, floors, floor coverings, walls, wall coverings, and ceilings shall be designed, constructed, and installed so they are smooth and easily cleanable.

Temperatures

Area	Equipment	Product	Notes	Temps
Establishment		Front reach in		38°F

Inspection Report (Continued)

Repeat Violations Highlighted in Yellow

Store will be fined today due to opening with no hot water. Inspection conducted due to complaint received on 12/29/2022 for no hot water and routine was due. Upon inspection I observed water heater being replaced and employees heating water on stove top. Water heater has been functioning on and off for a few days.
